

# The Treehouse School

The Trustees of The Treehouse School adopted this policy in February 2020

This Policy will be reviewed annually.

Trustees with responsibility – Leadership and Management.

## **Purpose**

This policy sets out the framework for a clear and consistent assessment of the overall performance of teachers, including the headteacher, and for supporting their development within the context of the school's plan for improving educational provision and performance, and the standards expected of teachers. It also sets out the arrangements that will apply when teachers fall below the levels of competence that are expected of them.

## **Application of the policy**

The policy is in two separate sections:

- **Part A** of the policy, which covers appraisal, applies to the headteacher and to all teachers employed by the Trust.
- **Part B** of the policy, which sets out the formal capability procedure, applies to the headteacher and to all teachers employed by The Trust about whose performance there are serious concerns that the appraisal process has been unable to address.
- Both parts of the policy should always be applied in a way that is robust whilst minimising the impact on workload for teachers, headteachers and Trustees.

## **Part A – Appraisal**

Appraisal in this school will be a supportive and developmental process designed to ensure that the headteacher/all teachers have or fully develop the skills and access to support they need to carry out their role effectively. It will help to ensure that teachers are able to continue to improve their professional practice and to develop as teachers.

### **The appraisal period**

The appraisal period will run for twelve months from December to December

### **Appointing appraisers**

In this school, the task of appraising the headteacher, including the setting of objectives, is delegated to a sub-group consisting of two members of the board. The headteacher appraises other teachers. The trustees are supported by a suitably skilled consultant.

### **Setting objectives**

The headteacher's objectives will be set by the Trustees after consultation with the consultant. The Trustees have a duty to have regard to the work-life balance of the headteacher and objectives will reflect this.

Objectives for each teacher will be set before, or as soon as practicable after, the start of each appraisal period. The objectives set for each teacher, will be Specific, Measurable, Achievable, Realistic and Time-bound and will be appropriate to the teacher's role and level of experience. The appraiser and teacher will seek to agree the objectives but, if that is not possible, the appraiser will determine the objectives. Objectives should be revised if circumstances change.

# **The Treehouse School**

## Nature, nurture and nourishment

The objectives set for each teacher will contribute to the school's plans for improving the school's educational provision and performance and improving the education of pupils at that school.

### **Observation**

This school believes that observation of classroom practice and other responsibilities is important as a way of assessing teachers' performance in order to identify any particular strengths and areas for development they may have, gaining useful information which can inform school improvement; moreover it enables teachers to learn from each other and collaborate. All observation will be carried out in a supportive fashion and not add to teacher workload.

### **Development and support**

Appraisal is a supportive process which will be used to inform continuing professional development. The school wishes to encourage a culture in which all teachers take responsibility for improving their teaching through appropriate professional development. Professional development will be linked to school improvement priorities and to the ongoing professional development needs and priorities of individual teachers.

### **Feedback**

Teachers will receive constructive feedback as soon as practicable after an observation has taken place or other evidence has come to light. Feedback will highlight particular areas of strength as well as any areas that require further development. Where there are concerns about any aspects of the teacher's performance, the appraiser will meet the teacher formally to:

- give clear feedback to the teacher about the nature of the concerns;
- give the teacher the opportunity to comment and discuss the concerns;
- set clear objectives for required improvement;
- agree any support (e.g. coaching, mentoring, structured observations), that will be provided to help address those specific concerns;
- make clear how, and by when, the appraiser will review progress (it may be appropriate to revise objectives, and it will be necessary to allow sufficient time for improvement. The amount of time is up to the school but should reflect the seriousness of the concerns);
- explain the implications and process if no, or insufficient, improvement is made – e.g., potential move to formal capability.

When progress is reviewed, if the appraiser is satisfied that the teacher has made, or is making, sufficient improvement, the appraisal process will continue as normal, with any remaining issues continuing to be addressed through that process.

## **Evidence**

The range and level of evidence collected for appraisal will always be proportionate and minimise workload.

## **Transition to capability**

If a teacher demonstrates serious underperformance and has not responded to support provided within the appraisal process, the teacher will be notified in writing that the appraisal system will no longer apply and that their performance will be managed under the capability procedure. They will then be invited to a formal capability meeting. The capability procedures will be conducted as in part B of this policy.

## **Annual assessment**

Each teacher's performance will be formally assessed in respect of each appraisal period. In assessing the performance of the headteacher, the Trustees will consult the external adviser. This assessment is the end point to the annual appraisal process, but performance and development priorities will be reviewed and addressed on a regular basis, with an interim meeting during the year.

The teacher will receive as soon as practicable following the end of each appraisal period – and have the opportunity to comment on – an appraisal report. The appraisal report will include:

- details of the teacher's objectives for the appraisal period in question;
- an assessment of the teacher's performance of their role and responsibilities against their objectives;
- an assessment of the teacher's professional development needs and identification of any action that should be taken to address them;

The assessment of performance and of professional development needs will inform the planning process for the following appraisal period.

## **Part B – Capability Procedure**

This procedure applies only to teachers and headteachers where there is serious underperformance which the appraisal process has been unable to address. At least five working days' notice will be given of the formal capability meeting. The notification will contain sufficient information about the concerns about performance and their possible consequences to enable the teacher to prepare to answer the case at a formal capability meeting. It will also contain copies of any written evidence; the details of the time and place of the meeting; and will advise the teacher of their right to be accompanied by a companion who may be a colleague, a trade union official, or a trade union representative who has been certified by their union as being competent. Staff are entitled to request an alternative date which is within five days of the original date.

## **Formal capability meeting**

## **The Treehouse School**

Nature, nurture and nourishment

This meeting is intended to establish the facts. It will be conducted by the Chair of Trustees (for headteacher capability meetings) or headteacher (for other teachers). The meeting allows the member of staff, accompanied by a companion if they wish, to respond to concerns about their performance and to make any relevant representations. This may provide new information or a different context to the information/evidence already collected.

The person conducting the meeting may conclude that there are insufficient grounds for pursuing the capability issue and that it would be more appropriate to continue to address the remaining concerns through the appraisal process. In such cases, the capability procedure will come to an end. The person conducting the meeting may also adjourn the meeting for example if they decide that further investigation is needed, or that more time is needed in which to consider any additional information.

In other cases, the meeting will continue. During the meeting, or any other meeting which could lead to a formal warning being issued, the person conducting the meeting will:

- identify the professional shortcomings;
- give clear guidance on the improved standard of performance needed to ensure that the teacher can be removed from formal capability procedures (this may include the setting of new objectives focused on the specific weaknesses that need to be addressed, any success criteria that might be appropriate and the evidence that will be used to assess whether or not the necessary improvement has been made);
- explain any support that will be available to help the member of staff to improve their performance;
- set out the timetable for improvement and explain how performance will be monitored and reviewed. The timetable will depend on the circumstances of the individual case but in straightforward cases could be four weeks;
- and warn the member of staff formally that failure to improve within the set period could lead to dismissal. In very serious cases, this warning could be a final written warning.

Notes will be taken of formal meetings and a copy sent to the member of staff. Where a warning is issued, the individual will be informed in writing of the matters covered in the bullet points above and given information about the timing and handling of the review stage and the procedure and time limits for appealing against the warning.

### **Monitoring and review period following a formal capability meeting**

A performance monitoring and review period will follow the formal capability meeting. Formal monitoring, evaluation, guidance and support will continue during this period. The member of staff will be invited to a formal review meeting, unless they were issued with a final written warning, in which case they will be invited to a decision meeting (see below).

### **Formal review meeting**

As with formal capability meetings, at least five working days' notice will be given and the notification will give details of the time and place of the meeting and will advise the individual of their right to be accompanied by a companion who may be a colleague, a trade

union official, or a trade union representative who has been certified by their union as being competent.

If the person conducting the meeting is satisfied that the member of staff has made sufficient improvement, the capability procedure will cease, and the appraisal process will re-start. In other cases:

- If some progress has been made and there is confidence that more is likely, it may be appropriate to extend the monitoring and review period;
- If no, or insufficient improvement has been made during the monitoring and review period, the individual will receive a final written warning.

As before, notes will be taken of formal meetings and a copy sent to the member of staff. The final written warning will mirror any previous warnings that have been issued. Where a final warning is issued, the member of staff will be informed in writing that failure to achieve an acceptable standard of performance (within the set timescale), may result in dismissal and given information about the handling of the further monitoring and review period, and the procedure and time limits for appealing against the final warning. The individual will be invited to a decision meeting.

### **Decision meeting**

As with formal capability meetings and formal review meetings, at least five working days' notice will be given and the notification will give details of the time and place of the meeting and will advise the member of staff of their right to be accompanied by a companion who may be a colleague, a trade union official, or a trade union representative who has been certified by their union as being competent.

If an acceptable standard of performance has been achieved during the further monitoring and review period, the capability procedure will end and the appraisal process will re-start. If performance remains unsatisfactory, a decision, or recommendation to the board of Trustees will be made that the individual should be dismissed or required to cease working at the school.

Before the decision to dismiss is made, the matter will be discussed with all Trustees. The headteacher/teacher will be informed as soon as possible of the reasons for the dismissal, the date on which the employment contract will end, the appropriate period of notice and their right of appeal.

### **Decision to dismiss**

The power to dismiss staff in this school rests with The Trustees.

### **Dismissal**

Once the decision to dismiss has been taken, The Trustees will dismiss the headteacher/teacher with notice.

### **Appeal**

# **The Treehouse School**

## Nature, nurture and nourishment

If a member of staff feels that a decision to dismiss them, or other action taken against them, is wrong or unjust, they may appeal in writing against the decision within five days of the decision, setting out at the same time the grounds for appeal. Appeals will be heard without unreasonable delay and, where possible, at an agreed time and place. The same arrangements for notification and right to be accompanied by a companion will apply as with formal capability and review meetings and, as with other formal meetings, notes will be taken, and a copy sent to the headteacher/teacher. The appeal will be dealt with impartially and, wherever possible, Trustees who have not previously been involved in the case. The individual will be informed in writing of the results of the appeal hearing as soon as possible.

### **General Principles Underlying This policy**

Part B of the policy will be implemented in accordance with the provisions of the ACAS Code of Practice.

#### **Confidentiality**

The appraisal and capability processes will be treated with confidentiality.

#### **Consistency of Treatment and Fairness**

The Trustees are committed to ensuring consistency of treatment and fairness. They will abide by all relevant equality legislation, including the duty to make reasonable adjustments for disabled teachers.

#### **Definitions**

Unless indicated otherwise, all references to "staff or teacher" include the headteacher.

#### **Grievances**

Where a member of staff raises a grievance during the capability procedure the capability procedure may be temporarily suspended in order to deal with the grievance. Where the grievance and capability cases are related it may be appropriate to deal with both issues concurrently.

#### **Sickness**

If long term sickness absence appears to have been triggered by the commencement of monitoring performance at any stage of the procedure or a formal capability procedure, the case will be reviewed and appropriate measures taken, e.g. a referral to the occupational health service to assess the member of staff's health and fitness for continued employment and the appropriateness or otherwise of continuing with monitoring or formal procedures. In some cases, it may be appropriate for monitoring and/or formal procedures to continue during a period of sickness absence.

#### **Monitoring and Evaluation**

The Trustees and headteacher will monitor the operation and effectiveness of the school's appraisal arrangements. This will include ensuring that the arrangements minimise the impact on workload for all parties involved.

**Retention**

The Trustees and headteacher will ensure that all written appraisal records are retained and stored in a secure place in line with their Data Protection Policy.
